

4 March 2023

Announcement of deviation from orbital keeping range by the debris avoidance maneuver

Thanks for making use of AUIG2.

By implementing debris avoidance maneuver, ALOS-2 will deviate from the orbital keeping range “ $\pm 500\text{m}$ ” for the following period.

Please be careful if you order some products during this period.

From Mar.4, 2023 to Mar.6 2023 (UTC) **【TBD】**

We will inform you as we get more information.
