

6 March 2023

Announcement of deviation from orbit control window
by the debris avoidance maneuver (Final)

Thanks for making use of AUIG2.

By implementing debris avoidance maneuver, ALOS-2 deviated from the 500-m radius tube-shaped orbit control window for the following period.

Please be careful if you order some products during this period.

From Mar.4, 2023 (PATH: 122) to Mar.5, 2023(PATH: 83)
