

April 19, 2021

Announcement of deviation from orbital keeping range by satellite anomaly,

Thanks for making use of AUIG2.

By the occurrence of satellite anomaly, ALOS-2 will deviate from the orbital keeping range “ $\pm 500\text{m}$ ” for the following period.

Please be careful if you order some products during this period.

From April 18, 2021 to April 19, 2021 (JST) [TBD]

We will inform you as we get more information.
