

K&C Phase 4 – Status report

Operational rice mapping and forest structure assessment to support the 3Cs

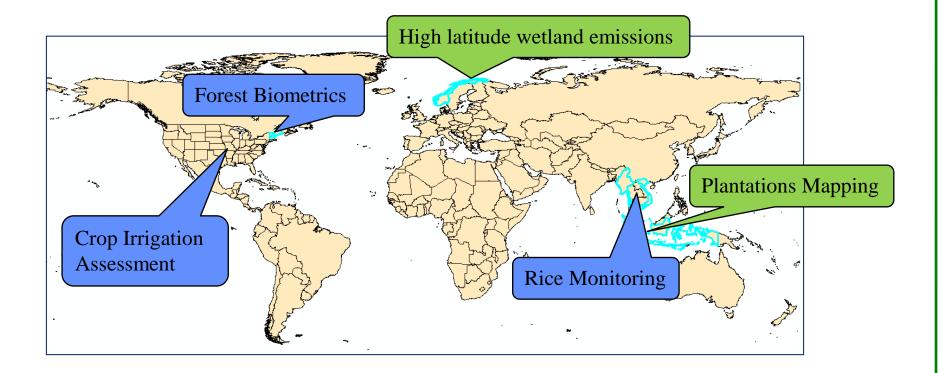

Nathan Torbick, William Salas, Xiaodong Huang Applied GeoSolutions

Science Team meeting #24

Map of ongoing projects leveraging PALSAR-2 & supporting K&C

LOS

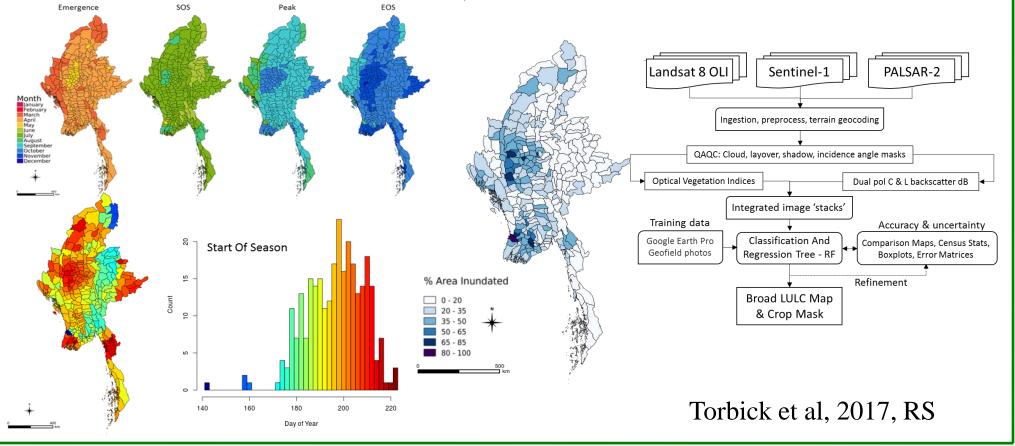

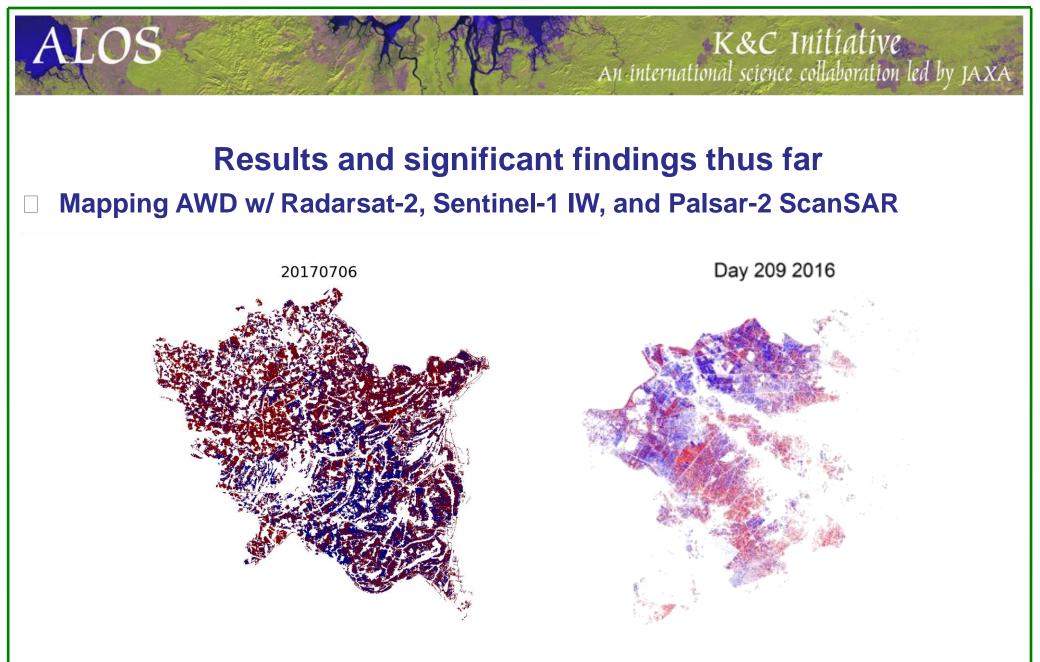

K&C Initiative

An international science collaboration led by JAXA

ALOS An international science collaboration led by JAXA

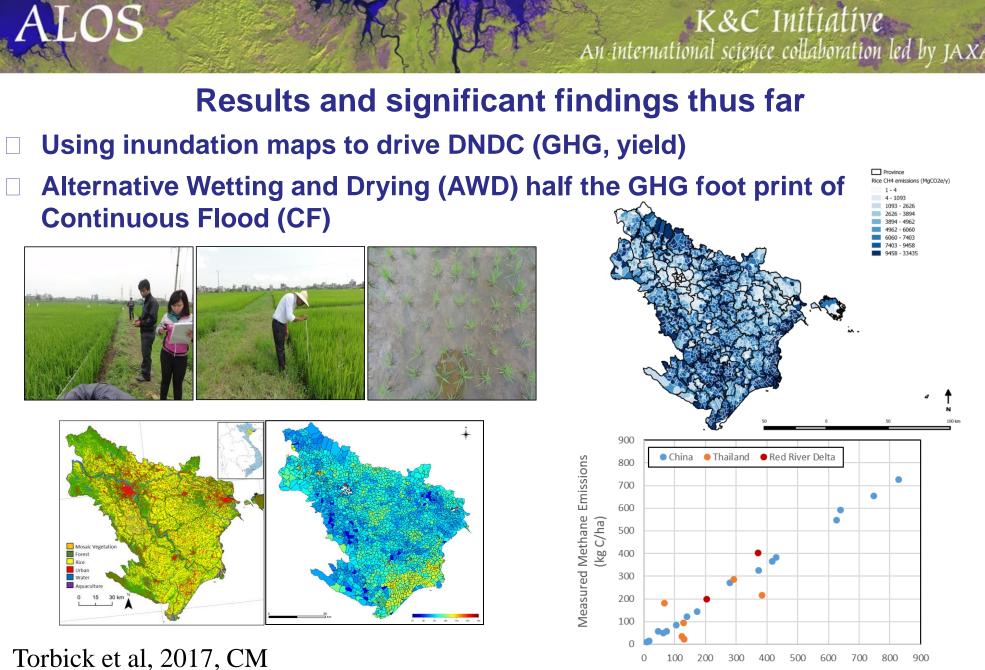

Results and significant rice findings thus far Maps of rice attributes across Myanmar using Sentinel-1, PALSAR-2, and Landsat-8

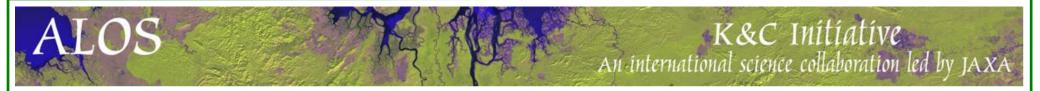

Thai Binh, Vietnam

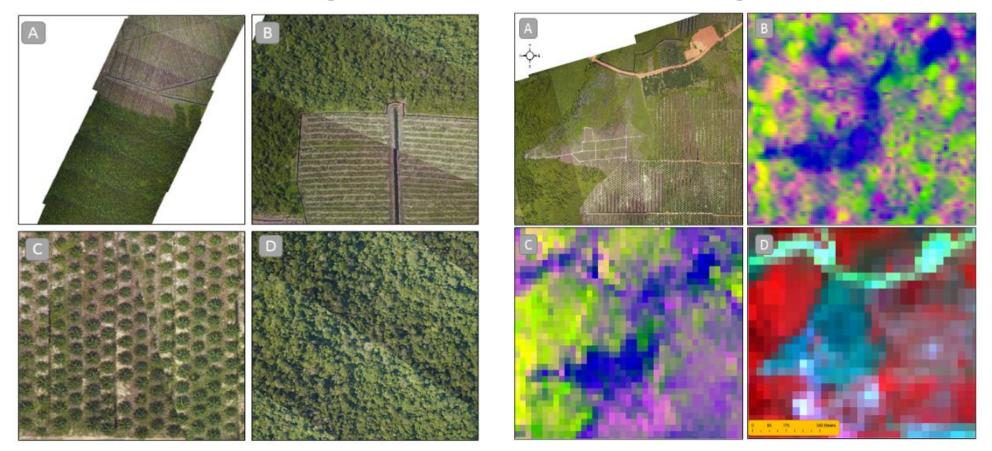

Mekong Delta, Vietnam

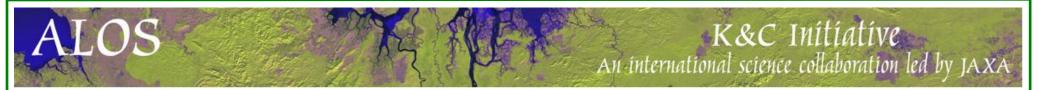

DNDC Modeled Methane Emissions (kg C/ha)

Results and significant plantations findings thus far

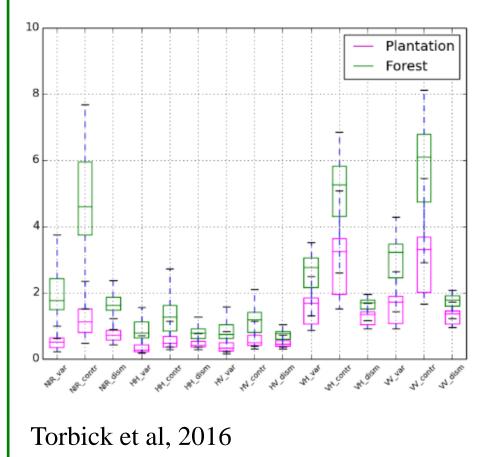

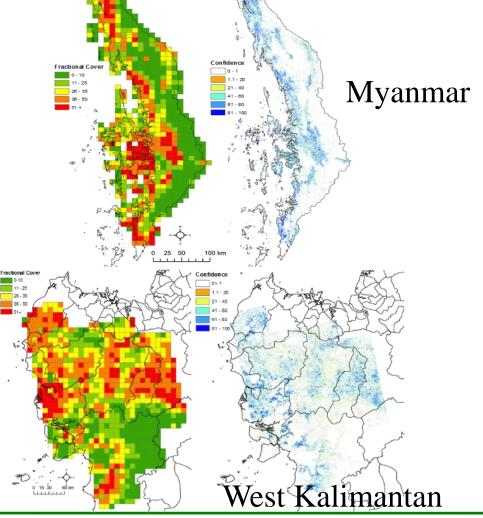

Right) Co-located examples of (A) airborne imagery; (B) Sentinel-1 (R:VV,G:VH,B:VH2); (C) PALSAR-2 (R:HH,G:HV,B:HV2); and (D) Landsat-8 (R:5, G:4, B:3).

Results and significant plantations findings thus far

P2 texture and time series optical key indices for classifying oil palm and rubber

Results and significant high lat wetlands findings thus far P2 helpful for characterizing peat depth, soil moisture, and water table dynamics > drivers of methane

(AGS)

Spatiotemporal scaling workflow

(A. Persson)

Radar, Lidar, Optical

Remote Sensing

DNDC science version (J. Deng)

K&C Initiative

An international science collaboration led by JAX

Project milestones

K&C Initiative

An international science collaboration led by JAX

List the project milestones until...(the end of Phase 4)

- Map of plantations and LCLUC in pilot regions
- Assessment of regrowth (2007-2017), ABG, FSH, & CCC (northeast USA); co-collected UAS lidar, airborne S-band, spaceborne SAR, TLS, field plots in 2017 (happy to share with K&C teaming)
- Assessment of AWD in Thai Binh, Vietnam & Arkansas USA; maps of yield and soil moisture with multi-source SAR and optical fusion
- Emissions maps of Stordalen Sweden CH4
- □ Coordinated super sites?

Deliverables etc.

K&C Initiative

An international science collaboration led by JAX

 K&CP4 v1 completed: forest biometrics, rice & high lat wetland GHG maps, geofield photos, rice maps for Myanmar, InSAR FSH maps (with Paul and Yang), Indo maps (with Dirk)

□ Recent Publications (algorithms, maps, accuracy tables, etc...)

- Torbick,... 2017. Monitoring rice agriculture across Myanmar using time series Sentinel-1 assisted by Landsat-8 and PALSAR-2.
- Torbick,...2017. Mapping rice greenhouse gas emissions in the Red River Delta Vietnam, Carbon Management
- Torbick,...2016. Regional Mapping of Plantation Extent Using Multisensor Imagery, Remote Sensing
- Recent meetings promoting K&C products: AMS 2018, IGARSS 2017, AGU 2017, Pecora20,...

ALOS An international science collaboration led by JAXA

- Sorry we can't be there. We miss you all!
- If of interest I'm happy to organize a K&C session for next AGU in December 2018 in Washington DC.
- Please let me know if of interest. Thanks!
- As always, happy to share any products, code, cal / val,....

Hoa Phan (student of Thuy @ CESBIO) visiting NH for collaborative SAR and DNDC work. Some fun skiing with Nate and Sawyer (age 7)!
