

**2<sup>nd</sup> Training Course and Workshop  
for PALSAR Data Analysis:  
"PALSAR 50m Mosaic" and "Forest Classification"**

**Date:** March 26 (Wed.), 2014

**Venue:** Remote Sensing Technology Center of Japan, TOKYU REIT Toranomom Bldg. 2F,  
3-17-1 Toranomom, Minato-ku, Tokyo 105-0001, Japan  
(<http://www.restec.or.jp/english/about/access.html>)

**Agenda:**

10:00-10:10	Opening
10:10-11:10	Introduction of SAR and PALSAR 50-m mosaic and F/NF (forest/non-forest) dataset <i>Masanobu Shimada (JAXA/EORC)</i>
11:10-12:30	Hands-on training of forest classification using PALSAR data <i>Rajesh Thapa (JAXA/EORC)</i>
12:30-13:30	Lunch break
13:30-15:00	Hands-on training of forest classification using PALSAR data (cont'd) <i>Rajesh Thapa (JAXA/EORC)</i>
15:00-15:30	Brief introduction on the forest-change detection tool <i>Takeshi Motohka (JAXA/EORC)</i>

The hands-on training is for Windows 7 (64 bit) operating system. JAXA will prepare laptop computers, but you can use your own computer if you want.
