Document type: MS-WORD or pdf
Manuscript style: AMS (or similar) style (see next page)

If you have any question please contact Yuichi Ohno (ohno@nict.go.jp) or Nobuhiro Takahashi (ntaka@nict.go.jp)
EXAMPLE OF LAYOUT AND FORMATTING INSTRUCTIONS

EARTH CARE CPR DOPPLER MEASUREMENT

Yuichi Ohno *
NICT, Koganei, JAPAN

1. INTRODUCTION

To assist you in preparing your manuscript for publication, please adhere to the following instructions.

2. MANUSCRIPT DEADLINE & SUBMISSION

Manuscripts must be posted via e-mail by Jul 10. (mail to: ohno@nict.go.jp)

3. PAGE LAYOUT & TEXT FONT

Manuscripts must be formatted with 1" margins on all sides. Please use 9 or 10 point Helvetica, Arial, or similar font for the text.

Place the text in newspaper style columns with a ¼" space between columns, as shown on this page. If necessary, figures, photos, or charts may span the two columns adhering to the 1" outside margins.

4. MANUSCRIPT FORMATTING

The International System of Units (SI units) used in this abstract.

4.1 Titles, Headings & Footnotes

The title of the paper should be centered and typed in CAPITAL LETTERS on the first line of the first page of your manuscript. Type the name of all author(s) in initial caps and center on the page two lines below the title. Type authors’ business or school affiliation, city, and state and center on the line below the name in initial caps.

Major headings are Arabic-numbered and in CAPITAL LETTERS (as shown in these instructions).

Footnotes should be indicated in the text with an asterisk (*).

4.2 Author’s Corresponding Address

Please type, within the 1" margin, the corresponding author’s address in the lower left corner of your first page (see lower left corner of this page).

4.3 References

List all bibliographical references at the end of the paper in alphabetical order by first author. When referring to them in the text, type the corresponding author surname followed by the year of publication; e.g., Smith (1984). Use referencing style from any one of the AMS journals (see sample below).

4.4 Equation Numbers

Enclose these Arabic (and sequential) numbers in parentheses and place flush with right-hand margin of column.

5. ILLUSTRATIONS AND TABLES

Presentations at the conference do not usually allow enough time for in-depth explanation, therefore, it is important to include your most complex graphs, diagrams, illustrations, or tables in your manuscript.

Figures and tables should have full captions typed below the figure.

Company logos and identification numbers are not permitted on your illustrations.
