

IGOS International Workshop

“Towards the implementation of the Integrated Global Observing Strategy (IGOS)”

February 4 - 6, 2004

Tokyo International Exchange Center “Plaza Heisei”

Global Water Cycle Theme Splinter Session

“Review of IGOS-P Theme Papers and recommendations for their implementation”

February 5 (Thu), 2004

International Conference Hall

Co-chairs:

Dr. Lawford (WCRP/GEWEX)

Prof. Nakamura (Nagoya Univ., Japan)

Program Coordinator and Rapporteur:

Dr. R. Oki (JAXA)

Morning session (Chair: *Prof. Nakamura*)

- 09:30 - 09:40 Objective of the sub-session (*Prof. Nakamura*)
09:40 - 10:10 IGOS-P water theme (*Dr. Lawford*)
10:10 - 10:40 Global Water System Project (*Dr. Kabat*)
10:40 - 11:00 WMO's activities for water cycle observation (*Dr. Hinsman*)
11:00 - 11:20 Current status and plans of precipitation forecasts by the JMA numerical weather prediction system (*Dr. T. Tsuyuki* (JMA))
11:20 - 11:40 Operational agencies' contributions, GFAS, 3rd Water Forum
(*Mr. Ohtani*)
11:40 - 12:00 Observing the Global Water Cycle: The Role of Observations from Space (*Prof. P. Arkin*)

12:00 - 13:30 Lunch

Afternoon session (Chair: *Prof. P. Arkin*)

- 13:30 - 14:15 Space observation for water theme
(US(*Dr. Lawford*), JAXA(*Dr. R. Oki*), ESA(*Dr. Briggs*))
14:15 - 14:30 International initiatives relevant to water theme(GEO) (*Prof. T. Koike*)
14:30 - 14:45 Title (TBD) (*Dr. Moten*)
14:45 - 15:00 Title (TBD) (*Dr. Azzaya*)
15:00 - 15:15 A Japan's action for international water hazard and risk management
(*Mr. J. Yoshitani* (Public Works Research Institute))
15:15 - 15:35 Break
15:35 - 17:00 Discussion (Chair: *Dr. Lawford and Prof. Nakamura*)
17:00 - 17:30 Wrap up
